

Close the achievement gap with Sumdog and Title I

What is Sumdog?

Designed to close the achievement gap, Sumdog is an online learning tool for students and teachers, covering K-8 math and K-5 ELA skills.

Sumdog is built on a rigorous standards-aligned architecture that will fit right in with your teaching plan. It's designed to be uniquely engaging, and appeal to different learning styles, with the aim of motivating all types of student.

Sumdog is built on the principles of mastery learning, and allows each student to work at their own level and pace so that they don't get left behind.

Our advanced reporting and teaching tools allow teachers to target their interventions where they're needed most, so they can be their most efficient and effective.

With Title I and Sumdog you can:

- ✓ Engage all students, particularly low achievers;
- ✓ Target intervention with our advanced teacher tools;
- ✓ Set standards aligned, relevant and targeted practice and assessments;
- ✓ Assess readiness and prepare for standardized tests ;
- ✓ Extend learning time with homework activities that can be done on any device;
- ✓ Engage parents with free accounts that report back on student progress;

Together we can close the achievement gap.

"Each student had greater success. I was able to assess, reteach, reassess, and then move on to the next skill. Thank you Sumdog for helping me be a more effective teacher! "

T. Riggle, Metro North Elementary, IN

"I never thought an online program could do so much in such short bursts of time. It truly allows the growth mindset of my room to flourish. "

D. Hendershot, West Elementary, KS

"Title I is designed to provide all children significant opportunity to receive a fair, equitable, and high quality education, and to close educational achievement gaps. (ESEA section 1001) "

Well, that's exactly what Sumdog does too.

Here's how:

Engaging all students

- Our fun, standards-aligned learning activities engage every child.
- Adaptive to each student, low achievers find the confidence to practice and succeed.

Teaching tools for targeted intervention

- Powerful reports help teachers identify student and whole class gaps.
- See where students struggle, and target teaching where it's needed most.

Standards-aligned practice

- Sumdog is aligned to Common Core and key state standards, so practice is always relevant.
- Teachers can select standards-aligned skills for targeted practice and assessment.

Meeting state standards

- Our assessment feature can be used to assess readiness and prepare for standardized tests.
- Formative and summative assessments linked to the state standards, with results in real time.

Extended learning time

- Sumdog can be used on any device, at any time anywhere, so students can also log in at home.
- Set activities, extend their learning time, and track their efforts wherever they learn.

Parental Engagement

- Parent accounts allow parents to take an active role in their child's learning.
- They can track progress and join in the activities when students practice at home.
